Message from the Head

Afternoon all, I hope our first newsletter of the year finds you all well, I have enjoyed catching with all since we returned to school. All the children have made a really positive start to the year settling in to their new classes. Please make sure you make the scheduled meet the teacher events where key information will be shared with you about the upcoming year. Our termly diary date update will be shared with you next week, we just have a couple of events to finalise.

I would like to take this opportunity to thank you for your continued support in ensuring your child attends school regularly.

Good attendance plays a vital role in your child's education and wellbeing. Every day in school provides valuable opportunities for learning, building friendships, developing confidence, and taking part in the wider life of the school. When children attend regularly, they are more likely to make good progress, feel connected to their classmates, and enjoy a positive school experience.

We understand that there are times when children may be unwell and unable to attend. However, wherever possible, we encourage families to make appointments and holidays outside of school hours and term time, helping to minimise disruption to learning.

By working together, we can ensure every child has the best possible chance to reach their full potential.

Thank you for your ongoing commitment and partnership in supporting your child's education.

As ever if you have any questions please don't hesitate to talk to any of the team.
